

## DRONE VOLT and GROUPE MARCK

---

### Sign an exclusive agreement in the security sector

---

Villepinte, November 7, 2017

**DRONE VOLT, a French manufacturer of industrial civilian drones, announces the signature of an exclusive mutual distribution agreement with GROUPE MARCK, an expert in defense and security forces equipment.**

GROUPE MARCK is a French industrial group that designs and markets uniforms, equipment and services to administrations and companies in France and internationally. With 946 employees and 6 production sites in France, GROUPE MARCK generated € 110 million in revenue in 2016.

The agreement is particularly centered around the HERCULES 5 UF drone developed by DRONE VOLT. The HERCULES 5 UF (Unlimited Flight) is intended for the surveillance of spaces and events where security is paramount. A true autonomous surveillance station, the HERCULES 5 UF is a wired drone whose 24-hour stationary flight mode ensures continuous aerial surveillance and safely thanks to its high voltage external cable. The HERCULES 5 UF is made in the DRONE VOLT FACTORY in the Paris region.

#### Business opportunities in France and Africa

With an existing business relationship in 2017 with GROUPE MARCK, this agreement opens up new development opportunities for DRONE VOLT in France and Africa. Indeed, GROUPE MARCK GROUP HAS become a reference for territorial security forces equipment (Police, law enforcers, wildlife guards) in France with its subsidiary SENTINEL but is also very active in more than thirty countries in Africa with SOFEXI, another subsidiary which specializes in international defense and security forces equipment with the right to sell and export equipment subject to authorization.

Both partners are committed to a multiannual contract. True to its strategy as a global solutions supplier with high added value, DRONE VOLT will ensure the allocation of UAVs as well as remote piloting training services) and maintenance (DRONE VOLT ACADEMY).
