

DRONE VOLT

USD6m contract signed

Villepinte, May 7, 2018

DRONE VOLT, a French aeronautics manufacturer specializing in professional civilian drones, has announced an important commercial breakthrough.

The DRONE VOLT group has signed a contract with one of its distributors in connection with its goal of finalizing sales to a government agency in southeast Asia, thereby successfully completing one of the 65 contract negotiations announced in the press release dated March 12, 2018.

This agreement, signed after six months of intense negotiations, will potentially enable DRONE VOLT to make up to USD6m in deliveries over the next five years.

In connection with the signing of this contract, Olivier Gualdoni, Chairman / CEO of DRONE VOLT, noted that *“as previously announced, our group has been in discussions for the last several months with some 15 civilian and military government agencies in Europe, the United States and Asia. This major agreement signed on May 2 confirms the pertinence of the acquisition of Aerialtronics by the DRONE VOLT group last September.”*

Next press release: H1 2018 sales, week of July 16, 2018
