

DRONE VOLT

Presentation of its Special Forces solutions at SOFINS 2019

Villepinte, April 1, 2019

DRONE VOLT, an expert in onboard artificial intelligence and manufacturer of professional civilian drones, will participate at SOFINS, the industry seminar dedicated to new technologies for Special Forces (Special Operations Forces Innovation Network Seminar).

The fourth edition of SOFINS will be held from April 2 to April 4, 2019 at the Camp de Souge military base in the Gironde region.

On this occasion, DRONE VOLT will demonstrate its expertise in real-life conditions through several solutions included in its product line such as the HERCULES 10, HERCULES 20 and AIRSHADOW.

“The drones that we have developed for defense applications could interest the French and European armed forces. This has led us to participate in this event,” indicated Olivier Gualdoni, chairman / CEO of DRONE VOLT. *“Demonstrations under real-life conditions illustrate the pertinence of our line of tactical drone solutions.”*
