

DRONE VOLT

Books another purchase order for 9 HERCULES

Villepinte, 6th of October 2020,

DRONE VOLT, embedded artificial intelligence expert and professional civil drone manufacturer, announces that it successfully booked a new purchase order of 9 UAVs from its HERCULES range.

In details, the order consists of five (5) HERCULES 10 and four (4) Hercules 2 intended for a french industrial equipment export company and the security and defence sectors. This is the 6th consecutive order from this client.

The UAVs ordered have already proven successful, especially these custom versions which are more resistant to heat and dust.

The orders will be spread over the fourth quarter, with an invoice far over 100,000 euros (118,000 USD).

“Our solutions are sought after for their robustness and reliability which is demonstrated by the increasing number of purchase orders for UAVs able to fly in severe weather conditions” declares Olivier GUALDONI, CEO of DRONE VOLT. “Furthermore, they confirm the upturn in sales operations after a first half-year severely impacted by the COVID-19 pandemic.”
