

DRONE VOLT

presents its best-selling HERCULES 20 drone at the Paris Air Show

Villepinte, 18 June 2025

DRONE VOLT, manufacturer of professional civil UAVs and expert in onboard solutions, is proud to announce the presence of its HERCULES 20 UAV at the 55^e Salon International de l'Aéronautique et de l'Espace - Paris Air Show at Le Bourget, one of the world's leading events dedicated to aeronautical and defence technologies.

The HERCULES 20 is being exhibited on the stand of one of France's leading manufacturers in the defence sector, demonstrating the growing integration of DRONE VOLT's solutions into programmes with high strategic value and increasing demand in the current geopolitical context.

For the record, the HERCULES 20 is designed for the most demanding environments and features:

- **high payload capacity** (up to 15 kg) ;
- **its robust architecture**;
- **its modularity**, enabling the integration of complex systems, on-board sensors or specific loads.

This technological showcase reflects DRONE VOLT's determination and capacity to position itself as a sovereign and innovative player in the security, industry and defence sectors.

"Our presence at the Paris Air Show with our HERCULES 20 UAV is recognition of our expertise and the confidence of our partners. This increased visibility for our know-how at one of the world's largest gatherings in the sector could also open up new business opportunities for us", emphasises Marc COURCELLE, DRONE VOLT's CEO.

Next press release: Sales for the first half of 2025, Wednesday 16 July 2025
